TASK 1

Adult, average, to export

TASK 2

a) Once upon I was walking along a forest path. Suddenly, I noticed a big bear behind an ~~old~~ old tree. The bear was huge and its teeth seemed to be very sharp.

I stopped for a while. Since childhood I had been afraid of wild animals, and now the fear covered every part of my body.

I wanted to scream so bad but I didn't do that- I just couldn't open my mouth. So I just stood there, in the middle of a forest path.

b) My impressions of the stroll was negative. I got scared so much and I couldn't even manage with my own body. My head was full of awful thoughts, that just made me feel worse.

In summary, that situation was really terrible just like my impressions.

TASK 3

1. False.

In the text we can read that human activity has been a major cause since the industrial age, ^{that} ~~which~~ means since 18-19 yearhundret, so the statement is false.

2. False

In the text mentioned, that the phenomenon of warming Earth

leads to rising sea levels, so the statement is incorrect.

3. Not given

Actually, there is not any information, that solar power is one alternative to fossil fuels in the text, so my answer is "not given"

4. True

Deforestation is a contributor, because trees absorb carbon dioxide but are being cut down rapidly, so they release carbon dioxide into the atmosphere when they are cut down.

5. True

In the text we can read that individuals can also play a role by changing their daily habits, for example by choosing public transport over a personal vehicle.

6. False

Special agreements aim to unite countries in reducing global warming so they are not local initiative. ^{It} means, that the ~~stament~~ statement is false.

7. False

In the text mentioned, that businesses are also responsible for setting and following guidelines regarding climate change so the ~~stament~~ statement is false.

8. True

In the text we see, that climate change has already impacted ecosystems worldwide. It means, that this statement is correct.

9. False

In the text mentioned that education on the significance for ~~future~~ of climate issues is essential and necessary, so the statement is false

10. Not given

Actually, there is not any information, that certain animal species have become extinct to climate change, so my answer to this statement is "not given"
