This advertisement might be seen in some magazines (especially in sport ones) or forums in the Internet. Maybe a sportsman, who wants to train a lot and take part in the competitions needs shoes but can't afford to buy new ones. So if someone who have such shoes, <sup>but they are</sup> ~~but they are~~ not as comfortable as that person need (to sum up, they aren't big enough) read this advertisement, sport shoes might be sold. It would be good both for the sportsman (he would buy less expensive shoes) and seller (he would get money for the used thing).
