1. BREAKFASTS ARE NOW BEING SERVED.

You might see this advertisement in a lot of places, but mostly around cafes and restaurants. You might see it on banners around the city, or on the ~~very~~ menu of a dining place. Such advertisements refers to the customers, or, to be precise,

their ability to buy a special meal, every morning. A lot of people are in a constant hurry: to their job, to a meeting, to many places. And this hurry prevents them from enjoying their morning meal at home. So, many food places took it upon themselves to fill in the absence of a fresh, hot breakfast.
