Task 8.

I think, that I might see this advertisement, when I read news about transport and accident on the roads, and people in this advertisement write about many situations, when drivers forgot about rules on the road and high the speed, but they mustn't do that. And this advertisement all drivers need to read to avoid such situations and don't pay some money. The situation when drivers take into road accident is really usually because they high speed, and to avoid this they need to reduce it. And it is really necessary advertisement.
