Task 4

Paragraph 2

Clara was delighted. If she accepts the offer, it would be the great opportunity to go to a foreign university! She turned a blind eye to the cost of the programme and decided at the back of her mind that her parents would pay for it sooner

or later since they were very rich. So the choice have been made.

Paragraph 4.

Clara was extremely offended by the classmates' talking she had overheard. She was on the verge of crying and she didn't know how to prove her abilities so just did it in one go.

"Hey, I have the successful future and money and you ~~do not~~ don't. It's not a reason to be jealous, idiots", she shouted at her classmates.

All class did plunge into silence. That was hectic.

Paragraph 6.

Clara knew she must have made a mistake. She should not have taken her parents' fortune and abilities for granted and neglect the other's feelings. Therefore, she went straightforward to the classmates and confessed she was sorrowful and they forgave her. The rumours will have ended by the next week and it will be rewarding for Clara. She knew it.
