ПОДПИСЬ УЧАСТНИКА

*Гузев*

Task 1

1. c
2. d
3. a
4. a
5. b

Task 2

1. C
2. D
3. E
4. B
5. A

Task 3

1. d
2. a
3. c
4. d
5. b

Task 4.

Paragraph 2

Clara was shocked and didn't know what to do. If it is something not so important, she would have turned a blind eye. But the ~~was~~ information itself sounded intimidating, so she understood that sooner or later, but she will have to answer. Despite this several classmates of her have

been included in this group too. The thought about the programme was at back of her mind the whole day.

#### Paragraph 4

'He did say what?!' Clara thought. She was so furious that she had been on the verge of accepting the offer. And she accepted it. It was done in one go. Maybe it was hectic, but Clara was sure that she was right. Why would she ~~decline~~ decline it? Only because of people being jealous of her? It is always said to take everything in life so why not exchange?

#### Paragraph 6

But then straightforward she got rid of these thoughts. They must had been envy that they have no such confidence as she had. This programme ~~was~~ was rewarding for her suffering there at the moment and she would take for granted everything she can. She will have lived bright and luxuriously while her classmates will be surviving in poverty. But only time will tell whether she succeed or not?

#### Task 5

1. ~~Level~~ Level-headed means the <sup>description of an action which</sup> ~~one~~ is considered carefully and rationally so it will give advantages.
2. Vicious circle is a cycle of actions and consequences that make something or someone worse during it.
3. Bugbear is a type of problem that can't be conquered for a long time.
4. A tall order is a requirement to do something that is quite complex to achieve.
5. Heyday is a period of early <sup>days</sup> of something when everything about it

was not so developed as ~~was~~<sup>it's</sup> now

### Task 6

1. I was in charge for the person who spoke.
2. She used to hate working at weekends.
3. His arguement was so convincing, that they changed their minds.
4. Guests are expected to arrive on time.
5. The applause began hardly when the presentation was finished.
6. Unless you prepare adequately, you will fail.
7. He surprised me how his calm was remained.

### Task 7

1. He invented the theory of astronomics used in modern physics textbooks.  
The last sentence is incorrect as it is a fact about Isaac Newton.
2. He carried out laboratory experiments on his physical theories.  
The last sentence is incorrect as ~~there were not~~ <sup>radioactive</sup> elements were not Hawking's specification in physics.
3. He was the first person to make a ~~thorough~~ cleaning of something from bacterias.  
The last sentence is incorrect as Alexander Flemming was the first person to discover penicillin.
4. She built and successfully tested a fully functioning ~~with~~ mechanical computer.  
~~The~~ The last sentence is incorrect as at this time electricity was not in use.
5. He discovered penicillin ~~a~~ in an accident.  
The last sentence is incorrect as the discovery of penicillin happened ~~the to not on a product~~ accidentally due to mold.
