Correct: Thomas Newcomes and James Watt were responsible for developing the first steam engine.

## Task 4

### Paragraph 2.

It was said that very prestigious company had invited him on a special post of scientist of the project

to explore DNA of dinosaur. It also was said that if he had agreed the offer, he would have had good salary. The final straw contained invitation on an informal meeting with the team. Oliver understood that proposals like this offers once in a blue moon but <sup>he</sup> had some hesitations.

#### Paragraph 4.

Oliver understood that now he had few money and if he want to make ends meet he should accept the offer.

He decided to call his mom.

- Hi mom!

- Hi dear!

- Mom, I have some hesitations about my new job, is it a good idea?

- Don't be pathetic. You know, your dad had been working on a similar project and he was very happy about it,

How could you miss this opportunity?

-Thanks mom, you've really helped me.

Paragraph 6.

The leaders of this project were two brothers who were really funny!

\* "Guys, you know that he always borrowing my clothes?"

\* "Really? I think teammates are not interested in your troubles."

So, we are going to work on a very reluctant project so we should take advantage of everything." - told us the second.

The atmosphere at the command was warm, so Oliver was regreted that can't join it earlier.
