2) Reduce speed now.

You might see this advertisement in the airport of the country that is famous for its resort facilities. For example, Thailand is famous for its hotels and resort activities, so you could see the advertisement there.

The advertisement might refer to spa-rooms located nearby famous hotels, because when you do spa-procedures, you kind of "reduce the speed of life" and chill.

People might take the advertisement into consideration, because the main purpose of travelling to "resort" is to chill and do not think about anything and spa-procedures might help people to reach their "travel" goal.
