## TASK 8

"Reduce speed now" I think, I might see this advertisement at the street. When someone is driving a car, this advertisement may help not to get ~~into~~ injury or any other troubles with health. Also sometimes if you reduce your car speed while riding, it may save you from some problems with car police. I suppose that people should follow this advertisement, because nobody would like to have such troubles in their life. By the way, I hardly believe that this advertisement may be useful for people who drives a car.
