Task 8.

~~The advertisement I think the advertisement~~  
~~"Flat to let" is very rare and unusual. Well, you~~  
~~might see it~~

1) I think advertisement "Flat to let" you might see in different places. For example, on some houses that still are being built or near the road. The advertisement might refer to

some people who have just come into a city and wanted to buy their own flat. Also, it can ~~the~~ refer to people who live all their life ~~there~~ there but still don't have their own flat or house. I think people might take into consideration the advertisement because it is seemed like a house that soon will be ready for living there. And you ~~can~~ <sup>can</sup> really fast begin living there.
