TASK 8

2) I came across the eye-catching advertisement from the billboard last week. Its ~~thought provoking heading~~ was ~~"REDUCE SPEED NOW"~~ Its heading

"REDUCE SPEED NOW" was definitely thought-provoking. So, the advertisement referred to students and workers who are overloaded with tasks. Its aim was to announce the "Relax World Center." It included not only SPA, but yoga classes, psychology sessions and everything but the kitchen sink for your relaxation.

The advertisement might attract people by the significant reminder, the mind-blowing design, the way the key information was presented. It was also published in social media. The strategies would guarantee the exuberance of visitors in the centre.
