Task 5.

1. Someone who pokes their nose everywhere, who is nosy and can't keep things private
2. Be ready to do something, the moment before taking an action
3. To stop arguing while both sides are still ~~not~~ their initial opinion is true.
4. Messy, sloppy, uncoordinated (when speaking about movements), not proper and collected.
5. Work out, end up, <sup>to have</sup> the result or a conclusion of <sup>some</sup> actions.

Task 6.

1. She has never experienced such pressure before.

2. I should have told you earlier.

3. That was his honesty what impressed me.

4. She would have reacted differently had she known the ~~truth~~ truth.

5. The plan is believed to be unrealistic.

6. He kept working, although he was exhausted.

7. It was such a complicated task that a few completed task 7.

1. Charles Darwin developed the theory of evolution by natural selection.

2. He didn't discover the structure of DNA, he was a physicist.

3. Bell ~~was~~ <sup>the one</sup> who invented the first practical telephone, not Curie.

4. The first scientist to discover gravity was Newton, not Darwin.

5. Tesla's works are mainly connected with electricity, he did not develop the first steam engine.

Task 4.

P2. Mr. Oliver, good evening. Our company is glad to offer you a job. We work in many developing countries, helping children. We saw you teaching and you were in your element. We had never met anyone so kind. Such people are born once in a blue moon! This was the final straw, Oliver decided to quit his draining work at school. But his life wouldn't become this great.

P3. But still, he was in doubt. "If anything goes wrong, how will I make ends meet? After all, I have a family to feed. I've been working at school for years," ~~he thought~~, <sup>he thought</sup>. He valued the stability it offered, but couldn't help

Feeling pathetic and small while  
working there - his work wasn't ~~appreciated~~  
appreciated enough. Life went by and  
lapse. Soon came another email,  
"In our office please come and meet  
us."

P6. He was reluctant to leave  
his mundane workplace, but at  
the same time he felt an  
overwhelming urge to change the  
world for the better, so he agreed.  
He wished he could've done it sooner.  
"I'm fed up with being a part of the  
system," he ~~thought~~ stated. People  
around ~~had~~ Oliver always  
took advantage of him. It was  
time he chose himself, even if  
it made him leave his comfort  
zone.
