Task 4

Paragraph 2:

In the ~~months~~ past months Oliver had felt sluggish at work, like if he wasn't in his element. Moreover, an argument he had had with his co-worker was the final straw. It was ~~because~~ because Oliver missed all deadlines and if he had ~~met~~ met them, the whole team would have gotten a bonus. Therefore, the invitation to join new team was a solution. This happens once in a blue moon.

Paragraph 4:

~~As a~~ Pathetic as he already felt, Oliver could hardly make ends meet with his current salary. So, after doing a background check he came to the con-

-clusion that by and large things have been going amazing for this start-up. Consequently, a high ~~but~~ but unstable salary he was promised in the email looked then like a real chance to improve his overall well-being.

Paragraph 6:

The day came and Oliver stood in the head office. "You're being childish. You could have come to ~~me~~ me to file a complain. Now you're resigning?" - his boss said. Although Oliver could have done that, now he was reluctant to change plans. The decision to take advantage of the opportunity had been made. Risking Oliver gained more than he lost.

Task 5.

- 1) Busybody - a person who enjoys gossip, often oversteps social boundaries, and asks very straightforward and even shameless questions.
- 2) To be poised to do something - a phrase meaning that someone is intended to do something or is about to take action.
- 3) To agree to disagree - a ~~phrase~~ phrase meaning that an argument ended with both sides deciding not to give up on their own viewpoints.

- 4) Sluggish - ~~very slow~~ poor in quality, very slow, unmotivated or emotionally drained (if it is about a person).
- 5) To pan out - a ~~phrasal verb~~ phrasal verb meaning to end, come to some conclusion, turn out.

Task 6.

- 1) She had never experienced such pressure before.
- 2) I should have told you earlier.
- 3) It was his honesty] that impressed me.
- 4) IF she reacted differently, she would have known the truth.
- 5) The plan is believed to be unrealistic.
- 6) Although he was exhausted, he kept working.
- 7) Such complicated a task was that only few completed it.

Task 7.

- 1) The theory of evolution is Darwin's work, not Newton's. Newton specialized in physics and mathema-

-tics.

- 2) Einstein was a theoretical physicist. Therefore, he didn't discover the structure of DNA.
- 3) Marie Curie worked with chemical elements. So, the first practical phone wasn't her invention.
- 4) Darwin didn't discover gravity. He was a naturalist, not a physicist.
- 5) Nikola Tesla couldn't have developed the steam engine because he was an electrical engineer.
