Task 4.

Her first intrusive thought was to turn a blind eye and pretend she had never seen it, because at the back of her mind she understood that this chance is wonderful, yet

profoundly overwhelming. After some hours of contemplating, the decision ~~is~~ is made. She is resolute: if she had been chosen, she would do anything to keep to her goal, sooner or later.

Clara was on the verge of exploding. She had never thought of being discussed in such an ~~unpleasa~~ unpleasant way. It felt like nobody believed in her ability and power, but she did. Even though everything still looked a bit hectic, Clara kept in mind her mother's words: "Keep pushing, even if there's nobody by your side. Your actions speak louder than anyone's words".

She took for granted that all these hardships must have happened inevitably. People are prone to become green when it comes to someone's success. Clare envisioned that her mindfulness will have helped her to overcome obstacles. She didn't mess with success and took this opportu-

nity straightforward. Eventually, the results were awarding:
Clara entered the exchange programme and gained crucial experience for life.

Task 5.

1. ~~Level-headed means~~ to remain stable, conscientious; to be confident in your actions, to act with a cold mind.
2. ~~Vicious cycle~~ never-ending series of unbearable, excruciating, overwhelming events, which are hard to stop or prevent.
3. ~~Recurring~~ a kind of problem which makes your life difficult because it always comes back to you.
4. Require extremely hard work, ~~to~~ almost unrealistic or ~~trap~~ even impossible to achieve.
5. The period of time when something was begun, started; far-off days.

Task 6.

1. I was in charge of person who spoke.
2. She hate to do working at weekends.
3. His argument was so convincing that they changed their minds.
4. Guests are expected to arrive on time
5. The applause were hardly finished when the presentation began.
6. You will fail unless you prepare adequately
7. It suprised me how calm he was remained.

Task 7.

1. Galileo didn't invent laws of motion, it was another physician.
2. Stephen Hawking didn't carry out experiments on radioactive elements, it was Cury's family (Mary, Paul.)
3. Louis Pasteur wasn't the first one to discover penicillin, it was Alexander ~~Flemming~~ Fleming.

5. ~~Alexander Fleming discovered penicillin not while developing vaccine for tuberculosis, but during experiment.~~
4. Ada Lovelace didn't built a fully functioning electronic computer, it was her colleague.
5. Alexander Fleming didn't discover penisillin while developing vaccine for tuberculosis, but during experiment.
