A: Super! We may be working at the same office.

Task 8

I am picking out the first advertisement "Breakfasts are now being served". It may be a tab ~~star~~ hanging by a café or a coffee house. There must be drawn a bright eye-catching note relating to the updated menu for the passers-by to pay attention to it. So, the advertisement is to attract new clients. High chances are that walkers will take this particular AD into account due to regular travelling through the area or a desire for tasting new dishes. The success is primarily up to the marketing.
