① "Breakfasts are now being served."

• You definitely saw such an advertisement plenty of times. You can easily come across it ~~at~~ when you are walking down the street in the city centre or near big business offices.

• This is a message written by cafes' or restaurants' workers to their possible customers, often on the

Blackboards. It's like an invitation to have breakfast there now.

If you haven't had breakfast yet because you hurried go to work, you can take this advert. is went into consideration. When you are hungry you don't mind about prices. So companies want ~~to~~ you to ~~buy~~ have a meal there.
