Task 1

1. d

2. C

3. C

4. a

5. a

Task 2

1 - B

2 - D

3 - C

4 - A

5 - E

Task 3

1. c

2. e

3. d

4. d

5. c

Task 4

Paragraph 2

It was not in his element to open the suspicious emails, but something has caught his eye. The famous IT-organisation had offered him a position of a top-manager, expecting him to move to France, the country he had only imagined to visit. If he had enough bravery, it would become the final straw

for his decision. Moreover, he thought these opportunities appear only once in a blue moon.

Paragraph 4

"Should I give it a chance?" - Oliver thought. He could hardly make ends meet so the higher career would be a great opportunity for a better life. By and large, his friends have encouraged him to take the chance despite being too pathetic for his new role.

"Had only I known what this decision will give me in the future," - said Oliver

Paragraph 6

"Why you haven't applied for this position before?" - the director asked

"I thought I can only be a straight manager" - Oliver shrugged his shoulders.

"But you are telling us you had dreamt to have a higher position in the organisation!" - screamed a reluctant engineer with a push.

"Yes, and now I am taking advantage of all my previous decisions" - said Oliver with a smile.

Task 5

1. Busybody is a person who wants to know everything and be everywhere all at once

2. To be poised to do something means to be extremely ready to do something at any minute

3. To agree to disagree means a situation when people don't accept other positions, but change the topic to avoid scandal

4. "Sluggish" can mean something very irritating and slow in a negative way

5. To pan out means a situation when something suddenly fails despite high expectations

Task 6

1. She has never experienced such pressure before

2. I should have told you earlier

3. His honesty was that made me impressed

4. If she had known the truth she would have reacted differently

5. The plan was believed to be unrealistic

6. He felt exhausted although he kept working

7. It was such complicated task that only a few completed

Task 7

1. Isaac Newton

He was the first scientist to discover gravity and is the best known physicist now

2. Albert Einstein

He was also responsible for developing the first steam engine

3. Marie Curie

Together with her husband she continued to study chemistry and give lectures about it

4. Charles Darwin

He discovered the structure of DNA together with James Watson and Francis Crick.

5. Nikola Tesla

He is also known for inventing the first practical telephone
