Task 8.

Topic 1 - "Flat to let"

The advertisement "Flat to let" might be seen in the Internet. Sometimes such advertisements can be noticed at the walls of the houses.

That one either offers you to live in the author's flat or asks if you can let the author live in yours. It might refer to someone who's either searching for the apartments or letting you use the apartments.

People might take that advertisement into consideration because if you're searching for the apartments it's cheaper to live in the exact person's flat than buy one for yourself.
