Task 8

Every day we see many advertisements. Ones are successful, while others don't bring anyone. Today I want to discuss an advertisement connected with the food topic.

The title says "Breakfasts are now being served." I think, that this advertisement might have some photos of tasty meals. It might be seen

near cafes, that provide breakfasts.

In my opinion, this advertisement might be considerable among students and workers, who often skip breakfast due to the lack of time.

Breakfast is an important meal and this advertisement will help people to find a cafe where they can have a breakfast.
