№4

Paragraph 2

As Clara had only two days to accept or reject this offer, she wondered if it is honest to confirm her interest. She thought: "If somebody were on my place, they wouldn't have skipped this chance". After that ~~she~~ an offer has been admitted by her in few minutes. Moreover, Clara was a high-achiever and a prestigious exchange programme would be a great experience.

Paragraph 4

After these words she felt guilty, knowing that she payed no efforts and took other student's chance to participate in this programme and therefore increase their chance to ~~participate~~ get into university. As she had applied her documents in a day before the conversation between her classmates happened, she was hectic and did not know what to do. ~~She was on~~ Her solution was on the verge of being found out by others.

Paragraph 6

Despite of the whole tension, some people were straightforward and openly judged her for taking this programme for granted. Clara understood that she

N4 Paragraph 6

mustn't have acted this way and considered the programme to be not rewarding enough to experience such a pressure. She learnt her lesson and decided that she will have apologised in front of the whole school right after she comes back from the exchange programme.

N7

1 # Galileo didn't conduct ~~any~~ controlled experiments which would establish modern scientific methods.

2. Stephen Hawking was a practical physicist known for ~~it~~ his work on black holes and cosmology.

3. He was not first person to discover penicillin, ~~Alexar~~ a Russian scientist was the first.

4. She built and successfully tested a partially functioning electronic computer.

5. Alexandr Fleming was a ^{first} Russian scientist who discovered penicillin.
