Task 8: Advertisement № 1

This advertisement might be seen in a ~~restran~~ restaurant, cafe, food court or any other food serving place.

It might refer to people who might

be interested in eating breakfast. There doesn't seem to be a specific target audience in mind, as people of all ages can eat in the morning, besides babies, since they require non-solid foods and it is highly unlikely that a breakfast in an average cafe can provide that.

The advertisement ~~may~~ might be taken into consideration because breakfast is the most important meal of the day that shouldn't be skipped.
