In my opinion, this advertisement might be seen in hospitals because it can be connected with health.

Let me comment on why I think so.

Possibly, the <sup>advertisement</sup> ~~advertisement~~ refers to people who lead a busy

lifestyle. Nowadays, almost everyone has to work hard and quickly <sup>in order to</sup> complete all the planned tasks. This means lots of people are constantly stressed. The advertisement might tell us about a psychologist who can help his clients feel more relaxed.

The people may take the advertisement into consideration because they ~~x~~ know that stress is harmful for them.
