## Task 8

This advertisement might be seen next to a cafe or a restaurant where people may buy a served breakfast. You might see the advertisement next to a gas station where served breakfasts are sold.

The advertisement refers to busy working people who have no time to make their breakfast at home and to people who travel by car and want to have a served breakfast after a long distance car ride.

People might choose this suggestion ~~if~~ because everybody likes delicious and well-served food. And a lot of busy working people appreciate their comfort without spending much time on cooking.
